JUSTICE REINVESTMENT
TASK FORCE

“JRTF”

CHARGE OF THE JRTF

- The JRTF is a high-level, inter-branch, and bipartisan group charged with analyzing the drivers of the Louisiana prison population: assessing state sentencing and corrections policy, consulting criminal justice stakeholders; and forging consensus on a comprehensive package of reforms that will accomplish the following three goals as asset out in HCR 82:
 - Reduce correctional populations and associated criminal justice spending by focusing prison space on serious and violent criminals.
 - Hold offenders accountable more efficiently by implementing or expanding research-based supervision and sentencing practices.
 - Reinvest savings into strategies shown to decrease recidivism, including improved reentry outcomes.

Highest Imprisonment Rate, Nearly Double the National Average

Justice Reinvestment Work Plan

1. *System Overview*
 - **Examine how the current system is operating;** how the state uses best practices in sentencing and corrections.
2. *Prison Drivers*
 - **Examine what's driving the size of the state's prison population;** how the prison and supervision populations have changed over last decade.
3. *Lessons from Other States*
 - **Study successful policies that have been implemented in other states;** what the research shows works to reduce crime and incarceration.
4. *Policy Development*
 - **Evaluate potential policies;** reach out to interested stakeholders.
5. *Final Findings and Recommendations*
 - **Finalize recommendations and task legislature with codifying them into law.**
